

FRANKENBERG IN A JAM!

It happens every year here at Frankenberg, with the help of a group of kids, we get into a real Jam!

Yes, our annual Jam Making session for the Lions Club with the “Leos” in Aachen was done again recently to raise funds for charity.

This yearly event has become a tradition at Frankenberg as we welcome groups from a local orphanage to join employees’ children at the kitchen here in Wursellen for a sticky session of Jam making in coordination with the local Lions Club.

As always we get the little ones dressed up like astronauts and allow them to get into a real Jam with our chefs to mass produce pots of fruity marmalades and onion chutney.

The children always have enormous fun helping out with the mixing and stirring before filling the jars.

As you can see, with so many nice young participants, it becomes quite a sweet event with fingers and faces well covered, the rest goes to sell at Christmas Markets by the Lions Club with all proceeds to charity.

We look forward to another “Jam Session” next year!
